West Itchenor Parish Council

Residents consultation regarding possible changes to parking restrictions in the village.

Dear Resident

As most of you are aware there are parking restrictions in Itchenor running from just north of St Nicholas Church to the Hard.

The current restrictions apply from 1st April to 31st October and from 8am to 6pm. There are designated bays near the Hard which allow for one hour periods of short term parking. The restrictions are controlled by a single yellow line each side of the highway and small yellow plates fixed to various poles and posts etc.

West Sussex County Council has written to your Parish Council asking if we would wish these restrictions to be in place year round. In physical terms such a change would only affect the wording on the yellow plates, we are given to understand that the single yellow lines would remain unchanged.

In summary, the changes would apply year round and prohibit parking on yellow lines between 8am and 6pm. All other areas are unaffected by these proposed changes. The one hour only parking bays will continue be operational year round, between 8am and 6pm.

Your views are important, please take the time to let us know if you either approve or disapprove of this proposal by ticking the appropriate box below.

The Parish Council has yet to discuss or take a view on this proposal.

Approve ☐ **Disapprove** ☐
