Parish Council Website

www.fletching-pc.org

http://www.bolney.com

http://www.horne-pc.org.uk

http://www.playden.info/council.php

Examples of other small Parishes websites as recommended by SALC (Included WIPC).

It seems that many parishes large and small are happy to help promote a wide range of local activities both voluntary and commercial. The question is what does West Itchenor Parish Council want its website to provide?

We currently have links to Parish Council documents, Councillors details, other organisations.
Are their additional organisations we want to link to?
Do we want to promote local events?
Do we want to promote CDC and WSCC news items?
